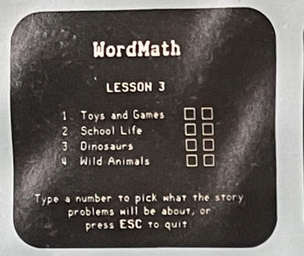
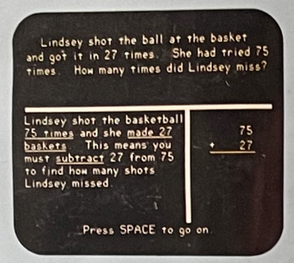
Press SPACE to go on

1. Tutorial strategy for solving word problems



WordMath
LESSON 3
1 Toys and Games
2 School Life
3 Dinosaurs
4 Wild Animals
Type a number to pick what the story problems will be about, or press ESC to quit

2. High-interest motivational themes



Lindsey shot the ball at the basket and got it in 27 times. She had tried 75 times. How many times did Lindsey miss?
Lindsey shot the basketball 75 times and she made 27 baskets. This means you must subtract 27 from 75 to find how many shots Lindsey missed.
75
- 27

Also available...

WordMath is an excellent sequel to Primary WordMath. An 8-disk, 4-workbook package, WordMath helps students in grades 3-8 develop strategies for solving word problems.

Primary WordMath and WordMath workbooks complement the computer courseware program but can be used independently for additional instruction and practice. Each 64-page workbook consists of two instructional units that focus on specific problem-solving skills. Answer key included.

M2W4027 WORDMATH, Gr. K-3
M2W4028 WORDMATH I, Gr. 4-8
M2W4029 WORDMATH II, Gr. 4-8
M2W4030 WORDMATH III, Gr. 4-8
M2W4031 WORDMATH IV, Gr. 4-8
